

Malbek Marketplace

With so many moving pieces throughout a contract lifecycle, it is important that all stakeholders have visibility, accessibility, and accountability throughout the process. Malbek Marketplace is your one-stop-shop to 30+ integrations to leading business applications.

These flexible and easy-to-use connectors ensure all data exchanged is secure and immediate.

Strengthen your contract ecosystem

Reduce total cost of ownership

Flexible and configurable integration framework that is easy to maintain, both during and after implementation.

Improve collaboration across the business

Maintain a single source of truth, streamline operations, and accelerate contract velocity for all teams involved.

Bolster CLM adoption

Meet your users where they work to improve CLM adoption – immediate updates and insights on critical agreements.

Success achieved with Malbek Marketplace

97% Reduction in Legal Touchpoints

93% Measurable productivity gains

70% Reduction in cycle times

Seamless Integrations

I can't sing the praises of templates enough. Where we are able to use a template, we are reducing the time to close by 50%. Having pre-approved clauses and fallbacks built into the system empowers my team to do a lot on their own, which saves time. — *Jeanette Milano, Head of Procurement*

Future-proof and flexible

Your business needs are bound to evolve and it's crucial to have a provider that can adapt alongside you. Our list of productized connectors is always growing.

Integrate with our productized connectors, a data table, or use our REST API to maintain your own custom integration.
